There are two ways to get SMS Peeper: 1. Receive text messages. 1. open SMS Peeper on your phone or start it from the browser. 2. 2. Tap the notification or "Reply" button in the text message. 3. Enter text in the text box. 4. Tap the "Insert" button. 5. The Submit button will appear. 6. Click the Submit button. You can add a link to the message. 1. Click the notification or "Reply" button in the text message. 2. Click on the link. 3. click the "Insert" button. 4. The "Submit" button will appear. 5. Click the Submit button. You can add a picture to your message. 2. Click on the picture. 4. Save it to your computer and send me a private message. I will help you write the texts under your picture. To do this we will need: 1. A picture of your product (that is, the pictures you will add to the product). 2. text under the picture. There is another option how you can use your pictures: you can do this directly in the product description. To do this you will need a product and another picture. You will add this picture to the product and write text below it. Something like: Item No__. Product description. Price. The number of orders. Due date. The cost of processing photos. The cost of printing. Cost of delivery. If you need the goods made to order, write "goods made to order" in a comment to the order. If you do not need a mailing, then do not pay for the goods. For every payment, I will automatically add you to the mailing list. For the mailing I charge only 10 rubles. (The day may be to 10 mailings). And if you will actively buy, I will give you more discounts. In order to participate in our affiliate program and receive money from the purchases of people you attracted, you need to buy the VIP package for 250 rubles. It gives you the right to earn 30 kopecks from every sale. This package includes: - 4 ready-made base e-mail, which you can sell - Detailed manual on system use - help in installing and configuring - Instructions on how to promote and promote the base. In the VIP package you get detailed instructions on how to promote and promote the base. I will tell you how to create a newsletter, how to configure and design a letter (photo), how to properly respond to the letter and properly set up the mail on your computer. How to create and add new bases, make unique letters, how to write the right titles of letters, where to take pictures and photos for letters, how and how much to sell. I will tell you how to promote and advertise the base correctly and qualitatively, how to set up and run your mailing list. The VIP package includes 3 lessons on mailing.
