That's true of all languages and all people: a good orator is seldom, and, sometimes, not. So it is with pronunciation. Pronunciation is one of the most important aspects of speaking and listening in a foreign language. In the last century, the education and well-being of human beings depended on the ability to speak a second language: many people took up the challenge of learning to speak a foreign language. But many people today may have trouble with pronunciation, and they may find their communication is hindered by awkward sounds. So it is with all cultures and all people: a good orator is seldom, and, sometimes, not.. Verb Morphology - English Pronunciation Made Simple - book. English pronunciation made simple -book.
