both service and maintenance manual 070-0157-00r 4.95 service and maintenance manual 070-1527-00r. 3th edition manual. patient monitor service and maintenance manual 070-1527-00r. Service Manual 070-1527-00 Rev D Vital signs monitor (VSM) SpcELAB SreDVpmon svi-pum-fva Gm CARE DATA M1550 VSM-MAN M365-020 service and maintenance manual revision D. All rights are reserved. Then if the history of the manual is retained, you will be able to view it again. Rev D. I'd love to tell you this manual was easy to learn and I'd welcome you to read some of it. But the truth is, you need to read the manual carefully and with full dedication to understand the manual. The VSM really has a lot of technical details (and numbers).Sudden urachal rupture in an adult. A 32-year-old man presented with a two-day history of strong, uncoordinated pain on the left side of his abdomen. Computed tomography showed ascites and mesenteric ascites. Left retroperitoneal surgery showed urachal rupture. Urachal rupture is very rare in adults; to our knowledge, only 21 cases have been previously reported. The peak incidence is in the third and fourth decades, when a urachal remnant is present. The rupture is usually spontaneous and is caused by inflammatory or neoplastic changes in the urachal remnant.1. Field of the Invention The invention relates to a portable computer with a body and a projecting part, which is connected with the body and projects out from the body. 2. The Prior Art Portable computer or tablet computers are known in various forms, for example as tablet or book computers, which are provided with a light-colored cover plate and an external keyboard. Such tablet computers or hand-held computers have a projecting part that projects out from the body of the computer, and which can be folded down to a position perpendicular to the body, resting on the surface. A disadvantage of such computers is that, during transport, the projecting part can be damaged in such a way that it cannot be returned to the body to be protected. This is the case in particular when transporting such a computer in a briefcase.(CNN) A federal judge said Tuesday that
