Elden Ring plot

A great evil is destroying the world, and Galia, aided by the "Elden", has returned from the Hells in her pursuit. To stop her, Rise's companions, Bell, Dr. Bourdeau, and Bell's friend and granddaughter Sam, and Ashur in his human form, are assembling the pieces to set together the release block in order to stop the destruction of the world... .. Conversely, getting locked in an airlock was my last and only experience that was worth mentioning. Now, I came from a family of actual pirates, so riddles were not exactly unusual. I used to love riddles! All I really did, however, was brute force a window out. I barely broke a sweat. Any suggestions or riddles? I do love puzzles! My last post was cut off, but it was also strange that it was cut off. I think it wasn't cut off at the point that I took my Internet Abstraction Outrage on it though. I will try to clear this up. Firstly, I do not know how to spell "game". I just type it. But let's ignore the spelling error. Secondly, the article posted here is on my site, not IPicture. I wouldn't have let an article get posted about my stolen naked picture without at least deleting it once it was posted on my site. Anyways, the reason that my last post was cut off and not turned around is because that's how IPicture worked. Read my first post. There was a whole to sort of "feed" a page after a while and it would cut it off at just what you hit the page at when you typed in the IPicture name. So, I got out of my house, made the IPicture name and then just typed

■ **4th Anniversary announcement Times have changed since Tarnished was first launched. With this release, we think it is time to bring about a major design change. In addition, since we have seen a large number of changes since launch, we are not only changing the internal webpages and graphical appearance, but also the setup of the game itself.**

■ **Playable monsters in the city. - Monsters in the City Are Now Playable!** In addition to the monsters that chase you in the wild, we will introduce the concept of a playable monster in the City. Although monsters roaming the plains have always challenged you, there has been nothing to engage you. Starting with the City in this title, you will be engaged with terrible monsters there.

■ **All Classes Will Be Playable** As in previous titles, you can play RPG-style with only one character class, or with three class levels by expanding the array of skills. In addition, the game will allow for the development of new classes. Furthermore, because class levels now go up with additional class levels, the possibility of giving your character an additional powerful class is also expanding.

■ **Recruit A Friend to Make Friends** You can connect with other players from around the world on the internet and voice chat with your friend.

■ **Experience Frontier** We will expand the Frontier. We have come up with the concept of a Traveler System on the battle line. An event occurs with the discovery of a machine, and you will be required to cross into the Frontier to save the Traveler.

■ **Music** The battle scene has now been brought to life with music.

■ **Changed the menu layout - Pages for Items and Others** We have changed the location of each page in the menu. In particular, the page for Items will be on
