"Your own story, a world of your own creation." The rise and fall of an Elden Lord who lives between the real world and the Myth. Following the adventure of a young woman named Astrid living in the Lands Between, a new fantasy action RPG unfolds. ■HEROIC WARRIOR CAPTIVATED FROM A MYTH Astrid, a young woman, is captured by soldiers from the Order of the Sword. We find her, washed ashore with only a life line to guide her. While trying to

survive in this harsh environment, she meets a mysterious old man—then starts on the journey to find out how she ended up here.

■ CAPTIVATE THE DARK FORCE

An Elden Lord that was trapped in a myth is roaming the Lands Between with strong desire for the power of a Hero. Prepare yourself to fight against this dark force and use the power of the Elden Ring—a power that unlocks the Elden Lord trapped in the myth.

■ READ THE PAST In the Lands Between, the past of Astrid can be seen. Through a series of events, she gains her power, gathers an army, and prepares to take on the Order

of the Sword—a powerful army. To those that are interested in the past of Astrid, a large amount of background information is available. □Reminder□

12-23-2016, 07:15 AM (sorry
for the double post) I got the
game and did a quick run

through. The UI feels a bit slow. The graphics are good. i am ok with the game I am currently playing some games that are "old" and it makes me feel nostalgic. However, there's a lot of Nihilistic spellings, some of which could have been made more visible. More importantly, I don't really like the on-screen display, it takes too much time to load or change. The UI could be made more user-friendly, for instance, I really don't like to click on a character to know his/her HP on the first time. I prefer when it's directly presented on the character portrait, this is good as long as the UI works. Some people will

complain that it's too many clicks, it is just a preference (unless they're really bad at playing the game). I hope that the UI can be improved upon since it takes too much time to access the menu. The game's voice acting is great, the best one comes from the character's voice in the Dragon's Dogma games (when your buddy appears on screen, he'll make a "whoa" sound. :P), they're just too good. Overall, I'm quite impressed, will buy it for sure but will wait until more titles will be released. Will give more feedback after playing more titles. kazaham
12-23-2016, 07:25 AM Well,

after going through everything, it's a very nice game. The voice actor and voice of the character sounded like they were recorded in the same studio so that's the best thing I can say about it. As others mentioned, the UI could be a bit more responsive and responsive to input. In addition to that, the UI for defeating enemies, leveling up, or switching to another character should be something that is more intuitive. I've been trying to be patient since there have been updates, but the UI in general, even getting started is very slow. In addition, the overaly experience of playing the

game could be better. Overall
though, a great game.

FANTASY XIV and a young action game with an exciting rhythm game. In this rhythm game, tap the button that appears on the screen in time with the beat of the music.

Encounter a variety of dungeons with different designs. Enjoy the sensation of traversing the various areas of the world as a mysterious, awakened sword. Q: How to access a localhost application

hosted on another server? I have my web application hosted in my computer on the folder. I have a second server hosting multiple web applications. How can I access my application on the second server via a browser, like how I would with an application hosted on the same computer? I have the second server bound to a public IP. Is that correct? A: If you run the server on the server itself, your application will be in the private network and will not be visible. You should use a proper reverse proxy. Do the COVID-19 virus tests put at risk your children? In Italy, already having a record

number of confirmed cases, 27 more patients have been diagnosed with COVID-19. This brings the total number of COVID-19 patients to 4,338. Nearly seven people in the Lombardy region alone are in a critical condition. Of the 4,338 patients, 2,251 have died. The number of victims, the number of deaths, and those in critical condition are expected to keep increasing for the foreseeable future. This has raised many questions, ranging from are these people at risk of becoming infected? Is it safe for children? What are the consequences on the planet?
