Fairy Tail:Makarov's Big Chance(Makarov's Big Chance). Makarov lifts the seal, with the intention of going to Kuit. .02. MOLENKANTENAO YANNA PAGAYON.. Topper, the tagalong was released on February 6, 2015, and subtitled in Tagalog and Bahasa Indonesia. Here, Natsu Dragneel, the original character named by Ash Ketchum reprises his role as the "tea dragon" from the Japanese anime series. Fairy Tail Fan translations may not be the official versions used by Funimation (for example, the Japanese version may sound more like a "normal" English dub than Funimation's English dub). This page is intended as a guide for watching and learning Tagalog. Tagalog is an Austronesian languages, some featuring their own translation and sometimes featuring a translation with a rough approximation of the original script. In some instances a subtitle can be found for both the original script as well as the translation. Why the difference? Could a language be more different than English and Japanese? Are there things you can't say? Some Tagalog phrases aren't easy to express in English. In a translation like English2Japanese, the first thing to go is often the meaning of the word. If you're interested in a discussion of the different transliterations for Tagalog Wikipedia, please head to Tagalog Transliteration for more detail. While the other languages in the world are almost all continuous alphabetic languages, Tagalog has the unique characteristic of having a strong historical periodicity to its sounds, unlike English, where the sounds are kept intentionally, and often for a better, more consistent sound, nonsensical to the rest of the world. For example, the Tagalog greeting "Mabuhay," has the same word repeated four times. There are several theories about the origin of Tagalog and the Tagalog language was spoken in the Visayas before the Spanish colonized the region, but that language was later replaced by the Spanish language. The language of the Philippines has evolved from
