APC to be used on solar panels worldwide. When the publisher decided to back projects that reflected feminist values, they used to do it by picking up the pieces after it fell apart, namely re-publishing the work. Some assume that this new project is the same thing, in the sense that they are going to publish their book/essay, it's already been written, etc.... What I'm seeing from the marketing machine for this book is that the past should not be forgotten. I don't expect to see any tears shed, and I'm not expecting this book to become a best seller. It's just another iteration of "the past." As a woman who had to fight for my academic career, I see this kind of thing as disempowering for female students who want to succeed. It contributes to a culture where women can't accomplish much unless a man wants them to. Perhaps it would be best to treat this as advice on how to market books. I think that if you say, "this is what you should do to market your book" you are devaluing the work. It's quite arrogant to say that the past should be forgotten. Perhaps it would be best to treat this as advice on how to market books. I think that if you say, "this is what you should do to market your book" you are devaluing the work. It's quite arrogant to say that the past should be forgotten. I disagree that the 'past' has been ignored -- it's just that the focus has shifted from the men's accomplishments to the women's achievements. Perhaps it would be best to treat this as advice on how 6d1f23a050
