arcview 3.2 fl ask python(1) I am using Arcview 3.2 on Ubuntu 12.04. I want to be able to do calculations in Arcview, so I wrote the following: import sys from bw_csv import CSV, bw_csv import sys func = asdfsdf(bw_csv, x, y) asdfsdf(sys.argv, "") I would like to know if there is a way to run this script via PyPNG using as few lines of code as possible. I don't want to do PyPNG because it will be quite a lot to do it quickly. I can of course get the result by doing this:
