The challenge in The Three Kingdoms series lies in successfully aligning resources and assembling the right teams in order to decisively defeat the enemies, especially during the Early Kingdoms era. The database of people who gathered around the daimyo served as a great resource to send out to subdue areas. The clans had a large number of troops specializing in either melee or ranged combat, though the formations of the warriors were also important. Not only that, but players would have to establish a solid defense to withstand the attacks from the enemy. This genre of game or simulation game has emerged in recent years. The trend seen within the past five years is the move from tactical RPGs and action RPGs to what is more suited to the smartphone generation, such as those with a strategy RPG element. Xtreme Legends also went on to achieve great success, and Sangokushi X gave this genre a huge boost. With Samurai Warriors, we are currently developing an open world system that gives players access to expansive game

fields on a single map. Also, with titles such as SAMURAI WARRIORS: Spirit of Sanada, Xtreme Legends titles, which add additional features, and Empires titles, which add simulation elements, we are developing a wide variety of games that provide the thrill of 1 vs. 1,000. We are also hosting the online game Dynasty Warriors Online Z. Sangokushi Hadou (King of Wulin) is a tactical action RPG based on the Romance of the Three Kingdoms series. This game was released in the year 2015. Sangokushi Hadou is a tactical action RPG set in the Han dynasty where players takes the role of a warlord at the head of a small detachment to conquer the other kingdoms of China. By controlling the troop movements and moving characters around the battlefield, the player can plan their own strategy. In addition to the detailed battle mechanics, Sangokushi Hadou supports an expanded set of narration-related mini games that serve to enhance the storyline. 5ec8ef588b
