---

there are countless hindi books on the market that are worth looking into. this book, however, is one of the best, so i hope you like it. we have a new url for the book due to the takeover. the entire book has been updated. in addition, the entire appendices have been updated. only the bibliography at the end of the book has not been updated. therefore, it must suffice to say that that the present era is all about fast-paced digitization and the participation of this book in the internet is bound to take the online media forward. you will soon be searching for books

---

more than just making them available offline. so, what do you think about the book and the new url? for those of you who dont know, information literacy is a key component to improving educational and business outcomes. the purpose of information literacy is to help students develop a set of tools and skills that will allow them to independently locate, evaluate, and effectively use information created for purposes of exchange and communication. while this sounds like something youd rather forget, its actually a key skill you need

---

to grasp in order to succeed in your studies and in life. Lets face it, if you want to succeed in today s competitive world, youll need to be well-versed in how to research, sift, and examine all the data available to you. its your responsibility to learn how to find, locate, and learn whatever you need to succeed! and, so, here we are with some study prompts that will help you get started on your information literacy journey. each prompt has a free worksheet to help you collect your thoughts and flesh out your ideas and outlines. some prompts may seem a bit

---

dry, but that's only because they are designed to help you think about and reflect on your studies. Can you imagine that, in the upcoming years, we will need to know about these very subjects more than ever?
