YAC To Squeeze Crack Full Version

View and use Caller ID information on your Logitech Squeezebox player. This program will work with compatible Logitech Squeezebox devices (eg: Squeezebox Classic or Squeezebox Touch). Note: Caller ID information will not work with Logitech Squeezebox Revue, Logitech Squeezebox Touch or Squeezebox Touch Plus players. Supported Logitech Squeezebox Models: Logitech Squeezebox Classic Logitech Squeezebox Touch Logitech Squeezebox Touch Duo Logitech Squeezebox Touch HD Logitech Squeezebox Touch HD Duo The program will NOT WORK with the following models: Logitech Squeezebox Revue Logitech Squeezebox Touch HD Logitech Squeezebox Touch HD Duo Logitech Squeezebox Plus Logitech Squeezebox Touch Logitech Squeezebox Duo Requirements: YAC_Home Edition 1.2 or newer. YAC should be running on the same machine. Note: If you are using a Logitech Squeezebox Touch, there is a known issue with call notification that could result in service interruption. This may be resolved by installing a newer version of the Logitech Media Server SDK or updating to a newer version of the YAC executable. To download YAC_Home Edition 1.2: How to use this app: 1. Download and extract the archive. 2. Install the Logitech Media Server SDK into Program Files/Logitech. 3. Uninstall the original YAC executable. 4. Rename "yac.exe" to "yac_x64.exe" and move the "Yac2Squeeze.exe" and "YacLogViewer.exe" files into a separate folder. 5. Restart your computer. 6. Install and run the application. 7. If the application runs correctly and the call notification works for you, you're done! If you have any questions or problems, please contact us at support@yac.com or visit www.yac.com. YAC to Squeeze is a lightweight application that enables you to display Caller ID information on your Logitech Squeezebox music player without significant efforts. The concept This app requires you to
