Collect and download the latest music to your computer or phone for offline listening. Q: How to change input type in Meteor? I tried this code, but the input type is not changed and I do not know how to correct this. A: The typeahead options need to be given for an array or an object that has fields. In your case, you need to provide field names and the last one should be a string. Try this: Members of the German Parliament (Bundestag) carry photo exhibition of
